Our continued fight together in 2023

- With your support the current eviction ban is stopping homelessness before it happens
- Your gifts are providing vital services when renters need us on their side
- Thank you for saving people's homes

Ireland's housing crisis has been going on for so long that many of us struggle to remember a time when renters had no trouble finding places to live. And 2022 was the year we moved from a housing crisis to a housing disaster.

That's why we're so thankful to have compassionate supporters like you. You really are making a life-changing difference, keeping renters in their homes and protecting their tenancies. Losing your home in the rental sector is the primary gateway to homelessness in Ireland – together we are preventing homelessness.

In 2022 your kindness meant that we could give vital help and advice to everyone who came to us, whose tenancy may be in trouble.

Dear Friend,

What you do for people facing homeless is not just incredible, it's vital.

Thanks to you, our dedicated team can provide not just a sympathetic ear but a plan of action. We want to tackle this crisis head on, with long-term solutions.

We consider we've done our job every time someone gets in touch with us in a panic, talks us through their issue, and then leaves feeling calmer, more secure, knowing there's a way forward.

And I need you to know you are a vital part of our team – nothing we do is possible without supporters like you by our side.

I look forward to seeing all we can achieve again in 2023.

Yours gratefully,

John-Mark McCafferty
CEO

You're stopping homelessness before it happens. Together we're keeping renters in their homes.

- Supporters like you had a real impact in 2022
- Here's where your donations went...

Every year that goes by we see demand for Threshold's services increase. Every year amazing supporters like you rally to the call and rise to meet the challenge with your kindness and compassion.

In 2022, our community came together to keep renters safe in the face of a growing cost of living crisis. This generosity is what makes a huge difference in our ability to answer the call when we're needed most. To push for actions like the current eviction ban, keeping people in their homes during the cold winter nights.

It's important to us that you see the difference you're making in the lives of your neighbours, and how your life-changing gifts were used over the last 12 months...

YOU supported 18,741 households

– that's 24,629 adults and 14,546 children.

YOU prevented 10,982 adults

and children from entering homelessness.

YOU enabled 49,940 calls

to our Freephone Helpline to be answered.

YOU supported 158,385

home-saving actions.

Given the ongoing increases in the number of people experiencing homelessness each month, Threshold's services and home-saving interventions are vital.

These vital services are only possible due to amazing supporters like you.

Thank you.

- You helped us answer 60 calls over Christmas
- Niamh and Aoife spent Christmas in a new home thanks to you
- Winter isn't over yet, your gifts are still in action preventing homelessness

Christmas can be a tough time of the year for people with the threat of eviction hanging over their heads. This year you eased fear for people like Niamh and her daughter Aoife.

"Thank you for your continued support to mams like me. Aoife and I just had our first Christmas in our new home and we loved reading your kind hearted well wishes. You will never know the difference you make in the lives of people like me. I just started back at work, Aoife is doing well in school, and our dog Rex is settling into his new home. You didn't just give us back our home; you gave us back our life. Thank you."

Your gifts mean we continue to go out of our way to ensure we're available for everyone who needs us at this difficult time of the year. Thank you so much for everything you do.

Our shared belief that housing is a human right

- Together we're fighting to ensure the right to housing for everyone in Ireland
- With your support we're arguing for vital policies and challenging an unfair system
- You are providing dignity, security and protection for people at risk of homelessness

It is vital that our phone line, video chat, email and in-person services remain available to everyone. Our experienced housing advisors can be a real lifeline, reassuring people that their situation is our priority, and taking the steps needed to try and keep renters in their homes.

But everyone knows that this is not a crisis that can be fixed overnight. Steps can be taken to keep people in their homes by ensuring greater security of tenure. An increased supply of social, affordable and cost rental housing will mean secure and affordable homes for life, for a much greater share of the population.

This is why Threshold is calling for the right to housing to be enshrined in the Irish Constitution. Without a Right to Housing, there is no duty on the Government to ensure all people have access to adequate housing.

Home is a fundamental element of human dignity and must be protected.

As we bring this fight forward, we are so thankful that you continue to stand with us in 2023. Your support is essential for our home-saving work to continue.

I want to continue to stand with Threshold in 2023 and prevent homelessness before it happens with a monthly gift of:
